

# Neoprene Drysuits

## Origin Drysuit

The Origin drysuit is the developed version of Northern Diver's original neoprene drysuit. It's incredibly popular with experienced divers around the world and remains a preferred choice of commercial divers.

## Divemaster Commercial Drysuit

The Divemaster Commercial drysuit is the first choice of active sport divers and the UK's major commercial diving schools. Manufactured from a specially formulated 5.5mm hyper-compressed neoprene.

## BARE XCS2 Pro Dry drysuit

This drysuit uses the latest advanced materials and construction techniques for a high degree of 4-way stretch. This allows the drysuit to fit naturally.

## BARE CD4 Pro Dry Drysuit

A high-performance compressed density neoprene drysuit, the CD4 offers a perfect blend of rugged strength and comfort with great mid-range depth performance.

## BARE D6 Pro Dry Drysuit

A favorite among sport and commercial divers, the D6 offers a high degree of warmth and protection. This traditional neoprene suit includes an impressive list of standard features.

## BARE D8 Pro Dry Drysuit

A high-performance compressed density neoprene drysuit, the D8 offers a perfect blend of rugged strength and comfort with great mid-range depth performance.

**Other suits are available as well please contact us for specific requirements.**
